Dear Ms. Raynor,

We are pleased to inform you that your agency has been selected to receive equipment through the Alaska EMS Extrication Tools Assistance Project. This award is based on a competitive review process that considered your agency's demonstrated need, operational capacity, and readiness to safely deploy and maintain the equipment.

As part of this award, your agency will receive a customized extrication tool package. In the coming weeks, a member of our team will reach out to confirm delivery details and next steps.

Thank you for your continued service to Alaska's communities. We are honored to support your lifesaving work.
