

2025 Parks and Recreation Commission Goals

These are the goals proposed by the commission. Our objective is to select no more than ten of them.

- Trail Interconnectivity – 5-10 year phased plan
- Relationships with entities who have easements for possible winter trail use.
- Options for indoor and covered playground places – possible pop-up programs
- Water Trails in Prince William Sound, requires partnership with Alaska State Parks
- ADA compliance with parks and facilities with primary focus on play structures and access.
- Revisit the PRCS vision and mission statements
- Create policy and procedure for the commission
- Enhancing relationships with CSO's that will include pre-season and post-season meetings and an after-action review after the season.
- Optimize a bike to work program and enhance opportunities and community education on bike and pedestrian mobility.
- Develop a Parks and Recreation Commission Trail sub-committee
