Instructions to Bidders**

**Project: VCT Electrical Upgrades - Re-bid
Project Number: 17-350-1715 / Contract Number: 1473**

CAUTION:

Your bid may be rejected if it is not properly executed. Check that the following items have been accomplished to help assure a responsive bid. Please read Sections 6 and 7 carefully.

1. Bid Form
 - A. The Bid Form has been executed and signed.
 - B. Addendum Acknowledgement Form has been executed and signed.
2. Bid Security or Bid Bond
 - A. An executed Bid Security (Bid Bond) in the amount indicated on the Invitation to Bid.
 - B. Verify that the Certificate showing the Corporate Principal on the form is executed if applicable.
3. Alaska Business License, a copy your current license must be included.
4. Alaska Contactor Certificate of Registration
 - A. A copy of your current Alaska Contractor License of Registration in the bidder's name must be included with the bid.
 - B. The Contractor is required to verify that the appropriate license(s) is in place prior to submitting their bid for the project's scope of work.
5. A bid may be rejected if it contains any alterations or erasures that are not initialed by the signer of the bid.

Note: Any certified checks may be held uncollected at the risk of bidders submitting them.

1. General

Bidders are requested to study and follow these instructions about the method and form for submitting bids to avoid having their bid rejected.

Bidders will find all required forms and documents contained within this assembly. Please notice under Section 7, Required Documents for Bid, as to which forms and documents are required for your bid to be considered.

2. Explanation to Bidders

Requests from bidders concerning interpretations or clarifications of the bid documents shall be made in writing to the project manager or project engineer. Such requests shall arrive at least three working days prior to the date for opening bids. There needs to be sufficient time allowed for a reply to reach all bidders before the submission of the bids. Explanations made will be in the form of an addendum to the specifications or drawings and will be furnished to all bidders and receipt of the addendum must be acknowledged on the Addendum Form.

3. Site Conditions

Bidders are encouraged to visit the site to ascertain pertinent local conditions, location, accessibility, terrain, labor conditions, conditions of surrounding areas, and any other aspect that may impact the project.

4. Addenda Requirements

All bids must include the Addendum Acknowledgement Form. If addendums have been issued the bidder must state on the form all the addendums have been acknowledged. If no addendums were issued then the bidder is to write "NONE" on the form. The Addendum Acknowledgement Form shall be reviewed prior to acceptance of the bid.

5. Submissions of Bids

All bids, including any amendment or withdrawal, must be received at the address shown in the Invitation to Bid no later than the scheduled time of bid opening. Any bid, amendment or withdrawal that has not been actually received by the person opening the bid prior to the time of the scheduled bid opening will not be considered, and bid will be returned unopened. Conditioned or qualified bids unless requested will be considered nonresponsive.

Bids must be in a sealed envelope marked as follows:

BIDS FOR CITY OF VALDEZ	CAPITAL FACILITIES DIRECTOR
VCT Electrical Repairs	CITY OF VALDEZ
PROJECT NO. <u>17-350-1715</u>	300 AIRPORT ROAD, SUITE 201

15. Local Bidder Preference

The Valdez City Code provides for a local bidder preference as follows:

Section 2.80.020 Definitions

“Local bidder” means a bidder that is not delinquent in the payment of any taxes, fees, assessments, or other charges owing the city and satisfies one of the requirements set forth in subsections (1) through (3) of this definition for a period of eighteen consecutive months immediately prior to the opening of a competitive city bid for which the bidder wishes to utilize the local bidder preference:

1. If the bidder is a corporation or limited liability company, the bidder’s primary business address has a city of Valdez postal zip code, as reflected on the bidder’s state of Alaska business license or the records of the State of Alaska Department of Commerce, Community and Economic Development, Division of Corporations;
2. If the bidder is an individual, the bidder’s primary business or residential address has a city of Valdez postal zip code, as reflected on the bidder’s state of Alaska business license;
3. If the bidder is a general partnership, a limited partnership, or a joint venture, at least one of the general partners has a postal zip code compliant with subsection (1) or (2) of this definition.

Section 2.80.065(H) Competitive Bidding

Except where prohibited by state or federal grant requirements, a local bidder, as defined in Section 2.80.020, may be given consideration as low bidder where the offer is the lesser of ten percent or fifty thousand dollars in excess of the lowest offer received from a

bidder not qualified as a local bidder. The city may split the award between two or more suppliers in any manner the city deems to be in its best interest.

16. Award of Bid

The bid, if awarded, will be awarded to the lowest responsive responsible bidder as determined by the terms of the City Code and this document.

17. Pre-Bid Conference

A non-mandatory Pre-Bid Conference will be held on March 7, 2019, at 9:30am at the Capital Facilities Conference Room, 300 Airport Road Suite 201, Valdez, Alaska.

18. Pre-Award Conference

Before the award of the contract a Pre-Award Conference may be held between the Engineer or Project Manager and the apparent low bidder.

**Project: VCT Electrical Upgrades - Re-bid
Project Number: 17-350-1715/ Contract Number: 1473**

This agreement is made on the ____ day of April, 2019, by and between the City of Valdez, Alaska, hereinafter called the Owner and, acting through its Mayor, NPC Energy Services, LLC doing business as a corporation located in Anchorage, Alaska, hereinafter called the Contractor.

The Contractor agrees to this Contract known as:

**Project: VCT Electrical Upgrades - Re-bid
Project Number: 17-350-1715 / Contract Number: 1473**

Furthermore the Contractor agrees to accept as full and complete payment for all work to be done in this Contract for the lump sum and per unit prices as set forth in the Bid Form and Addendums in the Contract Documents for this project. The total amount of this Contract shall be: **three million, two hundred ninety-six thousand, seventy dollars and zero cents (\$3,296,070.00)**.

The Contractor hereby agrees to commence work on this project within ten (10) working days after the date of the written Notice to Proceed and to complete all work in accordance with the contract documents and addendums within calendar days of the Notice to Proceed. Said contract documents are listed in the Table of Contents herein. All documents listed therein are by this reference made a part hereof. So, the contractor isn't going to start this project for a while if they have such a long duration and at the middle to end of their time timeline they will throw a lot of resources at it. Within the scheduling requirements you need to outline what/when work has to be completed. This can either be in the form of phases or based off of the bid schedule itself.

The Contractor further agrees to pay, as liquidated damages, the sum of two thousand dollars (\$2,000) for each calendar day in excess of the completion date specified in the written Notice to Proceed in which this project remains incomplete.

The Owner agrees to pay the Contractor for the performance of the Contract, subject to additions and deductions, as provided in the City of Valdez Standard Specifications Section 10 Standard General Provisions of this of this Contract, and to make payments on account thereof as provided in the City of Valdez Standard Specifications Section 10 Standard General Provisions and City of Valdez City Code.

**Project: VCT Electrical Upgrades - Re-bid
Project Number: 17-350-1715 / Contract Number: 1473**

NOW, THEREFORE, THE CONDITION OF THIS OBLIGATION is such that, if Principal shall promptly make payment to all claimants as hereinafter defined, for all labor and material used or reasonably required for use in the performance of the Contract, then this obligation shall be void; otherwise it shall remain in full force and effect, subject, however, to the following conditions:

1. A claimant is defined as one having a direct contract with the Principal or with a Subcontractor of the Principal for labor, material, or both, used or reasonably required for use in the performance of the Contract, labor and material being construed to include that part of water, gas, power, light, heat, oil, gasoline, telephone service or rental of equipment directly applicable to the Contract.

2. The above named Principal and Surety hereby jointly and severally agree with the Owner that every claimant as herein defined, who has not been paid in full before the expirations of a period of ninety (90) days after the date on which the last of such claimant's work or labor was done or performed or materials were furnished by such claimant, may sue on this bond for the use of such claimant, prosecute the suit to final judgment for such sum or sums as may be justly due claimant, and have execution thereon. The Owner shall not be liable for the payment of any costs or expenses of any such suit.

3. No suit or action shall be commenced hereunder by any claimant:

a) Unless claimant, other than one having a direct contract with the Principal, shall have given written notice to any two of the following: the Principal, the Owner, or the Surety above named, within ninety (90) days after such claimant did or performed the last of the work or labor, or furnished the last of the materials for which said claim is made, stating with substantial accuracy the amount claimed and the name of the party to whom the materials are

furnished, or for whom the work or labor was done or performed. Such notice shall be served by mailing the same by registered mail or certified mail, postage prepaid, in an envelope addressed to the Principal, Owner or Surety, at any place where an office is regularly maintained for the transaction of business. Or served in any manner in which legal process may be served in the state in which aforesaid project is located, save that such service need not be made by a public officer.

b) After the expiration of one (1) year following the date on which Principal ceased Work on said Contract, it being understood, however, that if any limitation embodied in this bond is prohibited by any law controlling the construction hereof such limitation shall be deemed to be amended so as to be equal to the minimum period of limitation permitted by such law.

c) Other than in a state court of competent jurisdiction in and for the county of other political subdivision of the state in which the Project, or any part thereof is situated, or in the United States District Court for the district in which the Project, or any part thereof, is situated, and not elsewhere.

4. The amount of this bond shall be reduced by and to the extent of any payment of payments made in good faith hereunder, inclusive of the payment by Surety or mechanic's liens which may be filed of record against said improvement, whether or not claim for the amount of such lien be presented under and against the bond

1. Complete the Contract in accordance with its terms and conditions, or
2. Obtain a bid or bids for completing the Contract in accordance with its terms and conditions, and upon determination by Surety of the lowest responsible bidder, or, if the Owner elects, upon determination by the bidder, arrange for contract between such bidder and Owner, and make available as Work progresses (even though there should be a default or a succession of defaults under the contract or contracts of completion arranged under this paragraph) sufficient funds to pay the cost of completion less the balance of the contract price; but not exceeding, including other costs and damages for which the Surety may be liable hereunder, the amount set forth in the first paragraph hereof. The term "balance of the contract price," as used in this paragraph, shall mean the total amount payable by Owner to contractor under the Contract and any amendments thereto, less the amount properly paid by Owner to Contractor.

Any suit under this bond must be instituted before the expiration of two (2) years from the date on which final payment under the Contract falls due.

No right of action shall accrue on this bond to or for the use of any person or corporation other than the Owner named herein or the heirs, executors, administrators or successors of the Owner.

City of Valdez Special Provisions

Project: VCT Electrical Upgrades - Re-bid
Project Number: 17-350-1715 / Contract Number: 1473

SP 01 General Statement

The Special Provisions set forth conditions and requirements unique to this Project and are supplemental to, and supersede, the City of Valdez “Standard Specifications and Standard Details.”

SP 02 Scope of Work

Base Bid

The Scope of Work of the Base Bid of this Contract shall include providing all labor, materials, tools, equipment, transportation, supervision and facilities necessary to:

1. Replace electrical distribution equipment, including transformers, switch boards, panel boards, etc.
2. Add new reefer pedestals on the north end of the terminal.
3. Replace existing standby generator, 1000kW packaged generator assembly

Contractors are directed to review the attached drawings and specifications titled “VCT Electrical Repairs” for a more thorough description of the scope of work.

Alternate Bid(s)

There are no Alternate Bid items in this project.

SP 03 Time of Completion

All work shall be completed in accordance with the Contract Documents no later than April 1, 2020. Additional required scheduling milestones are included in SP 06: Coordination and Schedule.

Liquidated damages will be assessed in the sum of two thousand dollars (\$2,000) for each calendar day after the completion date during which the Project remains incomplete. Additional milestone liquidated damages may be assessed as described in SP 06: Coordination and Schedule.

Substantial Completion: Substantial Completion shall be defined as the stage in the progress of the work when the work is sufficiently complete in accordance with the Contract Documents so the Owner (City) can occupy or use the structure or that which is the subject of the contract, for its intended use.

SP 04 Special Site Conditions

The Valdez Container Terminal (VCT) is a federally regulated facility with restricted site access and has strict security procedures that must be adhered to at all times. This includes the Transportation Security Administration’s Transportation Worker Identification Credential (TWIC) program for accessing maritime facilities. All workers must have a TWIC to work onsite. All workers will be required to come into the Ports and harbor office to register their TWIC and go through a verbal briefing on “Knowledge Requirements” to be on the container terminal.

The VCT will remain in operation throughout this construction project.

Therefore, the VCT must have adequate power throughout the project to support the existing reefer pedestals, lighting throughout the facility, other powered buildings & structures, and the security gate apparatus. No power outages will be permitted until all materials are onsite, and advance notice of at least 3 business days will be required to request approval for any planned power outages. No power outages longer than 8 hours will be approved, and the City reserves the right to deny permissions for any power outages. During any approved power outages, the contractor may be required to provide temporary power to support any affected equipment or infrastructure.

Any power outages that violate the conditions described above will be subject to a penalty of \$500 per day and occurrence.

Also, specifically concerning trenching and associated paving, container traffic and access to only one street and adjacent container storage isle may be obstructed at a time.

The Contractor will be responsible for the disposal of all refuse and debris generated by the project. The City has, on a limited ‘first come first served’ basis, dumpsters for use free of charge on City projects if available.

Dump fees will be waived. The Contractor will be responsible for hauling demolished materials and construction waste out to the City Baler facility on South Sawmill Drive. The Baler is located approximately 5 miles out of town. Please contact the Baler ahead of time to make arrangements for the disposal of such materials. The Baler’s number is 907-835-2356. The project name or contract number will be required on all Baler disposal forms and when calling to reserve or empty dumpsters.

Local building permit fees are waived. The Contractor will be responsible for obtaining local building permits before the NTP is issued. The Contractor will need to call the City Building Department at 907-834-3401.

Staging area will be onsite at the Valdez Container Terminal (VCT) as directed by the VCT staff.

The Contractor will be responsible for moving furniture and other items necessary to complete the

work.

The Contractor is responsible for setting up detours or barricades if their work is in a public area and will interfere with normal traffic flow.

SP 05 Hazardous Waste Generation

Every effort to minimize or eliminate the generations of hazardous waste shall be used by the Contractor in the performance of the work of this Contract. Unless there is no substitute, no hazardous material shall be used in the performance of the work of this Contract.

SP 06 Coordination and Schedule

The Contractor shall, within ten (10) working days of the date of the Notice to Proceed, submit to the Engineer a schedule as required in Section 10.5, Control of Work, Article 5.3. The schedule shall be updated every week. An updated schedule shall be submitted with each of the Contractor's Periodic Payment Requests. Failure to provide an updated schedule will be cause to withhold partial payment.

The following dates will require work stoppages:

1. June 1-3, 2019: No work or contractor access to the VCT.
2. September 15 to October 15, 2019: There will be a 7-day period during this time during which there will be no work or contractor access to the VCT. As soon as the specific dates are finalized, the contractor will be notified by the City.
3. March 25 to April 25, 2020: There will be a 10-day period during this time during which no work or contractor access will be permitted. As soon as the specific dates are finalized, the contractor will be notified by the City.

Additional Scheduling Requirements:

1. October 1, 2019:
All preparation work necessary to install and commission the new electrical components must be completed by this date. This work includes but is not necessarily limited to earthwork, excavation, laying of conduit, fill, laying of asphalt, and all concrete work. As stated in SP04, trenching and associated work may only obstruct traffic in one street and container isle at a time. **Liquidated Damages will be assessed in the sum of five hundred dollars (\$500) for each calendar day after this milestone date during which the specified portions of the project remain incomplete.**
2. November 1, 2019 to project completion:
During this time period, the effect of power outages is significantly less severe to VCT Operations, and the extent of temporary power that will be required of the contractor is very likely to be reduced.

Ideally, most if not all work that will necessitate power disruptions to the facility should be scheduled during this time.

SP 07 Site Preservation, Restoration, Cleanup and Environmental Reporting

The Contractor shall be solely responsible for damage to public or private property caused by construction operations. The Contractor shall take all precautions necessary to control dust. The Contractor shall notify the City of any claims of damage, and shall clean and restore any property so damaged at the sole expense of the Contractor. All spills or releases of any hazardous substance shall be reported to the appropriate governmental agency as well as notice to the City. Contractor shall be responsible for all associated cleanup costs and fines.

At all times during the work, keep the premises clean and orderly. Upon completion of the work, repair all damage caused by equipment and leave the Project free of rubbish and excess materials of any kind.

SP 08 Permits

The Contractor shall obtain all licenses and permits that are required to do the work. A Building Permit will be required but there will be no charge.

SP 09 Order of Award of Alternative Bids

Additive Alternate and/or Deductive Alternative Bids will be awarded, if any are awarded, in any order determined to be the most advantageous combination by the owner.

SP 10 Payment

Payments shall be in accordance with Section 10.07, Measurement and Payment of the CVSS. All invoices for payment must be submitted on a City of Valdez *Periodic Payment Request Form*. An electronic copy of this form (Excel Spreadsheet) will be made available for the Contractor's use.

Disbursement of money to a person, firm or corporation will be made only after all the various receivable accounts of the general government and any municipal utility or enterprise have been reviewed for outstanding balances owed, and the disbursement will be reduced by setting off the amount of any delinquent indebtedness due the city from such person, firm or corporation.

All contracts to which the city is a party which will or may involve the disbursement of city funds shall contain the following clause, or its substantial equivalent: "Disbursement of money by the City of Valdez hereunder shall subject to set-off pursuant to the provisions of the Valdez City Code." Such contracts include, but are not limited to, oral contracts, employment contracts, construction contracts, purchasing contracts and contracts of any municipal utility or enterprise, including customer's deposits.

SP 11 References to City of Valdez Standard Specifications (CVSS)

The City of Valdez Standard Specifications & Standard Details, Streets-Drainage-Utilities-Parks, dated April 2003, hereafter referred to as CVSS, are incorporated in and become a part of the Contract Documents for the work, The Standard Specifications are available for purchase from the Engineer's Office of the City of Valdez, P.O. Box 307, Valdez, Alaska 99686. All work under this Contract shall comply with the latest edition and addenda to all applicable codes, ordinances, and standards.

It shall be the responsibility of the Bidder to prepare his bid so all materials and/or different arrangements of connections or fittings shall harmoniously conform with the intent of the Contract Drawings, CVSS, and the Special Provisions.

SP 12 Construction Specifications

The Specifications for construction of the work of this Project are incorporated into the following pages and on the attached drawings and specifications titled "VCT Electrical Repairs". These drawings and specifications are by reference included herein.

SP 13 Substitute Materials

Reference CVSS Section Article 5.7 Materials. The following alters any requirements regarding the substitute materials:

The use of manufacturers other than those listed as the basis for design must be submitted for approval no later than March 15, 2019, which is seven (7) day prior to the due date for bids.

SP 14 Allowance/Markup on Change Orders

Reference CVSS section Article 7.3 Payment for Time and Material: Replace the 'Allowances' section with the following:

On self-performed work, in addition to the direct costs of labor and material incurred by the Contractor, the Contractor shall be entitled to an allowance/markup of ten percent (10%) of the direct cost of work for profit and overhead. On subcontracted work, Contractor shall be allowed a five percent (5%) allowance/markup of the Subcontractor's direct costs. These percentage allowances are inclusive of any management time required to prepare and process the change order. This allowance does not apply to owned or rented equipment.

If Work is performed by a Subcontractor, the Subcontractor actually performing the Work shall be entitled to those allowances for overhead and profit listed above plus an additional five percent (5%) for management and supervision of the additional work. Each subsequent higher tiered Subcontractor or Contractor shall be allowed no more than an additional five percent (5%) of the Subcontractor's direct costs. In no case shall total cumulative markup on direct costs exceed thirty percent (30%).

If lower markups are established via bid forms or negotiation, the lower markups shall apply to change orders.

The allowance made in accordance with the terms outlined above will be understood to be complete reimbursement and compensation for all project office and office staff, general office overhead, use of tools, and small equipment, overhead expenses, bond cost, insurance premiums, profits, indirect costs, delays impacts on the rest of the Work and losses of all kinds and other items of cost not specifically designated. No other reimbursement, compensation or payment will be made for time and material work.

Any allowance made by the Contractor to a Subcontractor, other than specified herein, shall be at the expense of the Contractor.

SP 15 Schedule of Values

Contractor shall submit a Schedule of Values within ten (10) days of notice-to-proceed.

<http://labor.alaska.gov/lss/forms/Pam400.pdf>

In accordance with the requirements of AS 36.05.070 and AS 36.05.080, the following provisions are included where applicable:

- (1) The Contractor or subcontractors of the Contractor shall pay all employees unconditionally and not less than once a week;
- (2) wages may not be less than those stated in the advertised specifications, regardless of the contractual relationship between the Contractor or subcontractors and laborers, mechanics, or field surveyors;
- (3) the scale of wages to be paid shall be posted by the Contractor in a prominent and easily accessible place at the site of the work;
- (4) Owner shall withhold so much of the accrued payments as is necessary to pay to laborers, mechanics, or field surveyors employed by the Contractor or subcontractors the difference between
 - (A) the rates of wages required by the contract to be paid laborers, mechanics, or field surveyors on the work; and
 - (B) the rates of wages in fact received by laborers, mechanics, or field surveyors.
- (5) If it is found that a laborer, mechanic, or field surveyor employed by the Contractor or subcontractor has been or is being paid a rate of wages less than the rate of wages required by the contract to be paid, the Owner may, by written notice to the Contractor, terminate the Contractor's right to proceed with the work or the part of the work for which there is a failure to pay the required wages and to prosecute the work to completion by contract or otherwise, and the Contractor and the Contractor's sureties are liable to Owner for excess costs for completing the work.
