CHAPTER 1 – INTRODUCTION

CHAPTER 1 INTRODUCTION

Public art plays an important role in increasing the understanding and enjoyment of art by the community. Art is more accessible and visible to people when displayed in public areas. A key feature of public artwork is the importance of integrating art into the urban fabric of the city in order to enrich and enhance the physical attractiveness of the city. Public art transforms spaces and makes a valuable contribution to our appreciation of the city and the quality of public places.

In addition, public art located in public places reflects the unique environment and cultural identity of the city to visitors and to residents of Suisun City. It often provides a link with our history and can contribute to development of tourism.

The process outlined in this policy will be managed by the staff of the Recreation, Parks, and Marina Department with the Recreation, Parks, Marina, and Arts (RPMA) Commission providing oversight and recommendations to the City Council of Suisun City.

Purpose of Public Art Policy and Guidelines

The Suisun City Public Art Policy is a key strategy in the management of the City's current collection of public artwork, the commissioning of new artwork, and inclusion of new public artwork in private development.

The strategy aims to provide a clear policy and guidelines for the commissioning, creation, placement, maintenance and promotion of the City's Public Art. The policy guides and informs the criteria for the assessment of all public art commissioned by or proposed to the Commission for the Arts, as well as management and promotion of the existing collection. This Public Art Policy is a dynamic document that will be reviewed by the RPMA Commission and The City Council on an annual basis.

City of Suisun City Public Art Ordinances

The City of Suisun City may adopt ordinances to include public artwork in its public parks, streets, and plazas, and within City owned buildings, as well as policies that support the inclusion of public artwork in private development. In both commercial and residential developments, the builder could contribute a percentage to securing and the installation of public art as part of their project.

What is Public Art?

The term "Public Art" is defined as artistic works created by artists as unique and original works for, gifted to, or located in part of a public space or facility and/or accessible to members of the public. Public Art includes works of a permanent or temporary nature located in the public domain.

Public Artwork can include:

- Artwork created for specific locations.
- Temporary exhibits, exhibitions, events, performances, and/or artwork installations located in a public space.
- Artwork produced through involvement of the community.
- Integration of art and architecture to enhance the design of urban or public spaces.
- Collaboration of artists, architects or urban designers to create unique physical environments or features which integrates art into the urban fabric of the city.

Eligible mediums include but are not limited to:

- Sculpture, painting, drawing, printmaking, photography, calligraphy, ceramic, murals, glass or water features, landscaping, literary arts, spoken word, uniquely designed or site specific paving, furniture and parts of buildings, sound and light works, organic form, works that are designed to be temporary in nature, memorabilia or ceremonial objects related to civic activities.

Ineligible mediums include but are not limited to:

- Mass produced or standardized art objects, unless incorporated into an artwork by the project artist.
- Mechanical reproductions of original works of art.
- Directional elements and signage unless where integral to an overall concept created by a professional artist.

What is a Public Space?

A Public Space is defined as a space, which is easily accessible and clearly visible for public view; this includes, but is not limited to parks, streets, squares, promenades, public plazas and foyers. If located on private property, the area must be open to the general public and clearly visible from adjacent public property such as a street or other public thoroughfare or sidewalk.

CHAPTER 2 POLICY AND PROCEDURES

Policy Scope and Objectives:

- Increase the awareness of public art and promote opportunities to further advance public art.
- Contribute to the unique identity of the City of Suisun City including the Historic Waterfront District and throughout the City.
- Encourage the involvement of artists in the design and development of public spaces by facilitating collaboration between artists, planners, architects, landscape architects, and urban designers whenever possible in the total design process.
- Develop a public art strategy that integrates art into the urban design fabric of the city in order to create high quality public spaces through the integration of art, urban design and architecture.
- Encourage artworks, which are accessible to the public either visually or physically.
- Involve the community.
- Excite the imagination of the public and increase the understanding and enjoyment of public art.
- Encourage artworks which have relevance to their site.
- Enhance the economic and cultural vitality of the City.
- Ensure recognition that Suisun City's art activities are valuable and a significant component of the City's culture, heritage and economic vitality.
- Recognize the diversity of the City and support this diversity through a range of publicly accessible opportunities for all residents, businesses and visitors.

Selection of Artists – Commissioned Works

The policy encourages the commission of works by artists from the Suisun City community but also greater Solano County. The encouragement of Suisun City residents to participate is an integral part of the policy, and will contribute to the unique identity of the City of Suisun City as an outstanding city in Solano County. However, this policy does not preclude consideration given to commissioning of Bay Area, regional and international artists where appropriate.

The selected artist(s) will be commissioned to carry concepts proposed by the Commission and through completion of the work. The contractual arrangements between the City of Suisun City and the artist will define certain agreed parameters for the work and the process will be monitored by Staff to the RPMA Commission, with any major changes to concept, scale and materials being negotiated prior to contract signing.

Requests for Proposals from the RPMA Commission will define:

- The audience and/or community the artwork will engage
- Concept development
- The process by which the contract design will be monitored
- Responsibilities of contractual parties
- Technical requirements
- Site information (including plans)
- Budget

Artists' proposals will be presented to the Commission prior to contracting with the artist. The Commission has the option to display the proposal in a public location for public comment.

Artists considered should have the credentials and/or track record and the ability to execute works of the scale conceived, but this does not exclude opportunities for other artists of merit. The Commission or its representatives may choose to visit the artist's workspace or request that the artist present their portfolio of commissioned works prior to contract with the City.

Methods of selecting artists for public artwork may be based on the following:

- Open Competition - Publicly advertised calls for entries; any artist may submit proposals and/or qualifications.
- Limited Competition - between invited parties.
- Specific commission or acquisition by Commission for the Arts - This method would apply where limited or open competition would be impractical or inappropriate.

In many cases, a short list of applicants will be briefed on the project, and will be required to make initial design proposals for the site. A stipend may be given to each submitting artist for this stage of the process as funds are available.

From the submissions and this process an artist will be selected by the Commission.

Criteria for the Selection of Artwork

Criteria for the selection of public works of art may include, but will not be limited to artwork that:

- Is specifically designed for its site and is commensurate in scale with its surroundings;
- Adds to the local identity and profile in the context of the City of Suisun City;
- Is durable (where applicable) and reasonable to maintain in terms of time and expense;
- Is a permanent fixed asset to the property;
- Is designed and constructed by persons experienced in the production of such artwork and recognized by critics and by his or her peers as one who produces works of art;
- Aesthetically enhances the public space or built environment to which it relates or otherwise interacts with its surrounding environment;
- Is suitable by way of form and quality for public viewing and accessibility taking into consideration the possibility of an unsecured public space;

- Is free of unsafe conditions or factors;
- Is a suitable addition to the public space proposed;
- Contributes to a sense of civic pride;
- Involves the local community;
- Addresses, but is not limited to, aspects of the city's history and/or culture; and/or
- Recognizes the broad intent and objectives of the Cultural Arts Master Plan and Suisun City Public Art Policy.

Specific criteria will be determined on an individual project basis and detailed in the RFP.

Project Management

Once a public art project has been funded, staff, along with representatives of the Commission for the Arts, will coordinate each project considering the following tasks:

- Develop project descriptions and contract;
- Receive necessary approvals as required;
- Describe and mitigate any public safety requirements;
- Work with the artist to develop a timeframe;
- Seek relevant project consultation as needed;
- Work with the artist and Staff to define long term maintenance;
- Establish ownership; and
- Define any other relevant factors and tasks associated with a project.

In developing strategies for each project the following will be considered:

- Whether the artwork is to be permanent or temporal work;
- The materials to be used must be durable and vandal resistant as the public will have access to the works at all times; and
- The proposed site, including usage and scale of the work.

Artist Responsibilities will include:

- The artist commissioned to carry out a public work will creatively interpret the proposal given in terms of his/her craft, skills, and vision.
- The artist must ensure the artwork is unique as a result of the artist's personal creative efforts except in the case of a design collaborative.
- The artist must ensure the art does not infringe upon any copyright, and agrees to hold the City harmless for any copyright infringement.
- The artist must comply with all City procedures, including but not limited to, artist signature, sponsor acknowledgements, and finishes, which will be provided to artist along with the City's agreement for services.
- The artist shall, without additional compensation, correct or revise any errors, omissions or deficiencies in his/her work.
- The artist agrees to release ownership of the artwork to the City unless otherwise called for in the City's Agreement for Commissioned artwork. Any marketing of reproductions shall only be permitted with the prior written approval of the artist and the City.

- The artist will provide a general maintenance plan for the artwork. The City reserves the right to have this plan reviewed by a certified conservator or require technical documents or warranties on the product.
- Artist agrees to maintain minimum insurance levels acceptable by the City as follows:

Insurance

Artist shall, during times in which the artist is working on City property, and until the artwork is accepted by the City, maintain the following insurance to cover Artist in connection with the performance of Work under this Agreement. This Agreement identifies the minimum insurance levels with which Artist shall comply; however, the minimum insurance levels shall not relieve Artist of any other performance responsibilities under this Agreement (including the indemnity requirements), and Artist may carry, at its own expense, any additional insurance it deems necessary or prudent. Concurrently with the execution of this Agreement by the Artist, and prior to the commencement of any Work, the Artist shall furnish written proof of insurance (certificates and endorsements), in a form acceptable to the City. Artist shall provide substitute written proof of insurance no later than 30 days prior to the expiration date of any insurance policy required by this Agreement.

- Commercial General Liability (with coverage at least as broad as ISO form CG 20 01 04 13) coverage in an amount not less than \$1,000,000 per occurrence for general liability, bodily injury, personal injury, and property damage.
- If Artist will be driving while conducting business on behalf of the City, Automobile Liability with \$1,000,000 per accident for bodily injury and property damage.
- If Artist has employees, Workers' Compensation/Employer's Liability as required by State of California statutes. A waiver of subrogation is required for Workers' Compensation insurance.
- Fine Arts Insurance or other insurance against loss in an amount sufficient to cover the contract value of the Artwork.

Endorsements - The insurance policies shall be endorsed as follows:

- For the commercial general liability insurance, the City of Suisun City (including its elected officials, employees, and agents) shall be named as additional "insured."
- For the fine arts or property insurance, the City of Suisun City shall be named as loss payee.
- Artist's insurance is primary to any other insurance available to the City with respect to any claim arising out of this Agreement. Any insurance maintained by the City shall be excess of the Artist's insurance and shall not contribute with it.

Additional responsibilities will be listed in the solicitation of proposals by the City and the Contract for Commissioned Artwork.

Upon reasonable written notice, the artist shall comply with any changes in the amounts and terms of insurance as may be required from time-to-time by the City's Risk Manager.

Public Art Asset Management Plan

The development of a Public Art Register shall be completed to establish the extent and condition of the City's existing artwork collection.

Once this work has been undertaken the next step is to develop a plan for the maintenance of existing and new works once commissioned.

Funding

Funding for activities proposed in the Public Art Policy is anticipated to come from a variety of sources:

- Sponsorship
- Private funding
- Budgeted funds
- Grants

Public Art Subcommittees of the RPMA Commission

A Subcommittee may be responsible for:

- Coordinating public art activity within public spaces, including making recommendations to the RPMA Commission on the commissioning of public art projects, and recommending to the Commission approval of works of art obtained through development agreements.
- Reviewing and making recommendations regarding gifts and loans of art following the guidelines outlined in the public arts policy.
- Reviewing and making recommendations regarding the de-accessioning of artworks following the guidelines outlined in this policy.
- Reviewing proposals for projects.
- Determining selection process (as described above in Selection of Artists).

Composition and Term of subcommittees:

- A subcommittee consists of no more than three (3) voting members of the RPMA Commission and will be appointed by the RPMA Commission Chair on a project-by-project basis. They will remain on the subcommittee until the project is completed.
- Each project shall have at least one (1) design review workshop that is open to the public to garner public input.

Conservation and Maintenance

An important part of the management of the city's public art collection is the recognition of the conservation and maintenance required for both the existing and new artworks. When new works are commissioned or the Commission accepts gifts of art works the Commission must consider not only the capital costs of acquisition but also the ongoing commitment for maintenance and repairs. All items recorded in the Public Art Register shall be assessed as part of the condition report and an ongoing maintenance plan formed.

Donors of items may be required to provide funds or be responsible for the maintenance and upkeep of the donated work for a designated period of time.

Where new works are commissioned or accepted, written details of warranties (where these apply) detailing service should be provided with the completed work. This may cover details such as cleaning, lighting, servicing, circuit diagrams, manufacturer, and/or agents. This information will be entered into the Public Art Register as well. Allowance for the cost of ongoing maintenance of new works will need to be planned for and may need to be reviewed by a certified conservator for care and maintenance plan. Artwork shall be maintained by the

property owner in a neat and orderly manner acceptable to the City, unless the artwork is installed on property owned by the City, in which case the City shall maintain the artwork.

Ownership

In most cases the artwork will become the property of the City of Suisun City. Public art may be placed on land owned by the City provided that ownership of the work is vested in the City. The ownership of artwork on privately owned sites may also be transferred to the City. If the City accepts ownership it may be responsible for maintenance, insurance and any contractual agreement related to the art as outlined by this policy or City Council may require the site owner to be responsible for those items.

Documentation

All new works will be documented and this information will form part of the Public Art Registry database.

The information should include:

- Artists name, curriculum vitae, artistic statement
- Any warranties, maintenance details including name of agent and manufacturer (if applicable)
- Construction/maintenance details
- Relevant dates
- Site/display information
- Any other relevant details
- Photographic Record

Review and Deaccessioning of Artwork

The RPM Department staff shall review the entire public art collection at least once every five-years to assess condition and shall make appropriate recommendations to the RPMA Commission. The City shall dispose of works of art in its collection only in the public interest and as a means of improving the overall quality of the collection after approval of the City Council is given. Since artworks are acquired by the City through a thorough review process by City staff and the Commission for the Arts, based on the quality of the artwork and the value of the work to the collection as a whole, deaccessioning should be considered only after five years following acceptance unless unforeseen concerns arise. The need for relocation or the temporary removal from public display does not automatically necessitate deaccession.

Deaccessioning should be cautiously applied only after careful and impartial evaluation of the artwork to avoid the influence of fluctuations of taste and the premature removal of artwork from the collection. Prior to the deaccession of any work, the Commission for the Arts must weigh carefully the interests of the public, the intent in the broadest sense of the donor (if any), and the interests of the cultural community.

All proceeds from any sale or auction of a work of art will be used for the purpose of acquiring or maintaining one or more other works of art for the same public art program or purpose for which the original work of art was acquired. If that is not possible, then the proceeds shall be used to acquire or maintain a work of public art, or support another City Public Art program.

Removal of an Artwork from Public Display

1. Cause for Review

While the intent of acquisition of artwork is for permanent public display, circumstances and/or conditions may arise that make it prudent for the Commission, on behalf of the public interest, to remove an artwork from public display. One or more of the following conditions must apply in order for an artwork to be considered for permanent removal or deaccession:

- a) The work presents a threat to public safety.
- b) The condition or security of the work cannot be guaranteed, or the City cannot properly care for or store the work.
- c) The work requires excessive or unreasonable maintenance.
- d) The work has serious or dangerous faults in design or workmanship.
- e) The condition of the work requires restoration in gross excess of its monetary value, or is in such a deteriorated state that restoration would prove either unfeasible, impractical or would render the work essentially false.
- f) The work is of poor quality.
- g) A similar but superior example exists in the collection.
- h) The work is a forgery.
- i) No suitable site for the work is available.
- j) Significant adverse public reaction is documented over an extended period of time (5 years or more)
- k) Signed public petition with a minimum of 100 signatures which would create the need for official review
- l) The work is judged to have little or no aesthetic and/or historical or cultural value.
- m) The RPMA Commission wishes to replace a work with a more appropriate work by the same artist.
- n) The work can be sold to finance, or can be traded for, a work of greater importance.
- o) Written request from the artist requesting removal of the work from public display.
- p) The work is not, or is rarely displayed.
- q) The artwork has been determined to be incompatible with the rest of the City's collection.

2. Review Process

Prior to deaccession, RPM staff must observe the following procedures.

- a) Prepare a report which indicates:
 - i. Acquisition method and purchase price.
 - ii. Any restrictions that may apply to the specific work based on contract review.
 - iii. An analysis of the reasons for deaccessioning.
 - iv. Alternatives to deaccessioning.
 - v. Suggested methods of deaccession.
 - vi. Appraised value of the work by two independent consultants, if obtainable.
 - vii. Documentation of correspondence, press or other evidence of public debate documenting extended adverse public reaction.
- b) Discuss with the artist or donor the circumstances prompting the review.
- c) Discuss the circumstances with the affected City department and document input.
- d) Make all reasonable efforts to ascertain that the City is legally free to dispose of the work in question.
- e) RPM Department staff may seek additional information regarding the work from the artist, art galleries, curators, appraisers or other professionals.
- f) The report shall then be presented to the RPMA Commission for

- recommendation at a regular public meeting.
- g) Receive approval for deaccessioning from City Council.

3. Deaccession Process

- a) Upon a recommendation of deaccession, staff will work with the Commission for the Arts to determine the manner of disposition. Every effort will be made to ensure that this process is fair and open. Sale at public auction is strongly encouraged. Whenever works are deaccessioned by means other than public auction, staff will secure no fewer than two independent estimates of fair market value.
- b) Artwork may not be given or sold privately to City employees, officers, volunteers or members of City commissions, committees, boards, affiliate groups or their representatives unless they are sold at public auction and with appropriate disclosures.
- c) Consideration should be given to placing the artwork, through gift, exchange or sale, in another tax-exempt public institution wherein it may serve the purpose for which it was acquired initially by the City. RPM staff may exchange a work of art on such terms as the Commission determines appropriate.
- d) A work of art may be sold privately under the following circumstances:
- i. If the work is offered at public auction and no bids are received, or if the bids are rejected. A work of art on which bids have been rejected shall not thereafter be sold through private sale for less than the amount of the highest bid received.
 - ii. If the Commission determines that the work may be sold on terms more advantageous to the City if sold through private sale.
 - iii. If the artist of the work chooses to purchase it at the original purchase price.
- e) An adequate record of the conditions and circumstances under which objects are deaccessioned and disposed of should be made and retained as part of the records of the RPM Department.
- f) All recommendations for deaccession are subject to appeal to the City Council. All appeals must be made in writing to the City Clerk within ten days of the decision by the RPMA Commission.

CHAPTER 3

ARTS GIFT POLICY

The City of Suisun City is committed to enhancing Suisun City's art and cultural activities for all residents and to establish Suisun City as the premier destination in the Tri-Valley region.

Definition of Public Artwork

The term art is used to describe a particular type of creative production generated by human beings, and the term usually implies some degree of aesthetic value. An artist makes a work of art for various purposes, such as creating an experience for others. There is no general agreed-upon definition of art, since defining the boundaries of "art" is subjective, but the impetus for art is often called human creativity. Some examples as described in the Public Art Ordinance include:

Public Artwork can include:

- Artwork created for specific locations.
- Temporary exhibits, exhibitions, events, performances, and/or artwork installations located in a public space.
- Artwork produced through involvement of the community.
- Integration of art and architecture to enhance the design of urban or public spaces.
- Collaboration of artists, architects or urban designers to create unique physical environments or features which integrates art into the urban fabric of the city.

Eligible mediums include but are not limited to:

- Sculpture, painting, drawing, printmaking, photography, calligraphy, ceramic, murals, glass or water features, landscaping, literary arts, spoken word, uniquely designed or site specific paving, furniture and parts of buildings, sound and light works, organic form, works that are designed to be temporary in nature, memorabilia or ceremonial objects related to civic activities.

Ineligible mediums include but are not limited to:

- Mass produced or standardized art objects, unless incorporated into an artwork by the project artist.
- Mechanical reproductions of original works of art.
- Directional elements and signage unless where integral to an overall concept created by a professional artist.

Gifts of Public Artwork Considered

The City will consider a donor's offer of an existing public artwork, commission of an artwork by a specific artist or artists, or to commission an artwork through a competitive public process. Alternately, the City will consider a gift that is monetary for the purpose of acquiring public art for the community.

Review Process for Proposed Gifts

All proposed gifts will be referred to the City of Suisun City RPMA Commission. The Commission's recommendation on the acceptance or rejection of proposed gifts will be referred to the City Council for final action.

If the City Council approves the acceptance of a gift, a formal agreement will be executed between the City and the donor and/or artist. This agreement will include costs, responsibilities, and schedule of all aspects of the project, including project funding, fabrication, installation, maintenance and budget requirements, transfer of title, donor's and/or artist's rights, project supervision, documentation, an identification plaque, City's rights of ownership (including deaccessioning), and other requirements established by the City.

Review Criteria

The proposed artwork will be reviewed based a variety of factors, including, but not limited to the following:

- Aesthetic quality. Consideration will be given to the inherent quality of the proposed artwork as assessed by the criteria review of the RPMA Commission.
- Relationship to the collection and the community. The proposed artwork will be analyzed for its potential relationship to the City's present public art collection and whether it will enhance the aesthetic quality of the community.
- Compatibility. Conceptual compatibility and appropriateness of the proposed artwork to the surrounding built and/or natural environment will be factors or consideration, and will include scale, form, content, and design.
- Materials, fabrication, and installation. The Commission will evaluate the existing artwork's material or the artist's proposed materials and their appropriateness as regards to structural and surface integrity, protection against theft, vandalism, public safety, and weathering, and an analysis of long-term maintenance needs. The Commission will also evaluate the proposed method of installation and an evaluation of safety and structural factors involved in the installation.

Standards for Acceptance of a Gift

- Budget. Consideration will include an evaluation of the donor's proposed budget and the artist's ability to successfully complete the project within the proposed budget, and review to assess realistic estimates and comprehensiveness of the budget as it addresses all the costs of the proposal.

- Unrestricted gifts. Proposed gifts to the City will be clear and unrestricted unless otherwise agreed to in writing by the City.
- Unique artworks. Only one-of-a-kind artworks will be considered, with the exception of prints, photographs or other limited edition artworks of high quality.
- Cost of artwork. Acceptance is contingent upon receipt by the City of payment from the donor for all costs associated with the gift not covered by the donor directly, such as transportation, installation and maintenance, unless otherwise agreed to in writing by the City.
- Alterations to proposed artwork design. Any change to the design or concept made by the artist or donor of the gift must be reviewed by the RPMA Commission and approved by the City Council.
- Review of fabrication and installation. Artworks accepted from a maquette or drawings will be subject to City review throughout fabrication and installation. Specific plans for the site design, installation, maintenance and protection will be submitted to the City for approvals.
- Ownership of accepted artwork. Gifts of public artwork that are accepted by the City will be owned by the City as part of its collection. In accepting an artwork into its collection, the City will not be bound by any agreement with a donor of artwork that restricts its ability to act in the City's best interests. Nothing in the acceptance of an artwork will prevent the City from approving subsequent disposal (removal, relocation, and/or sale) of such artwork if it serves the City's best interest to do so. If disposal is proposed, the RPMA Commission will make a recommendation to the City Council for final action. The City will deaccession and sell or otherwise dispose of artworks in its collection in accordance with the limitations of the California Preservation Act (Civil Code 987) and the Visual Artist's Act of 1990 (17 U.S.C. 1064 and 113(d)).

PROPOSAL FOR A GIFT OF ARTWORK TO THE CITY OF SUISUN CITY

To propose an artwork gift to the City of Suisun City, please complete the following information and provide your signature at the bottom of this page. The completed form and other information should be submitted to:

Recreation, Parks, & Marina Director
City of Suisun City
701 Civic Center Blvd. Suisun City, CA 94585
Email: screc@suisun.com
Questions: (707) 421-7200

Donor Information

Name: _____ Phone: _____
Address: _____ Email: _____

If the Artwork is existing:

Title of artwork: _____

Artist: _____

Artwork medium/materials: _____

Maintenance procedure/schedule: _____

Current owner of artwork: _____

Date of artwork: _____

Current location of artwork: _____

Value of artwork: \$ _____

Please attach photographs of the artwork. Attach any other information you would like the city to know about the artwork (for example, artist resume, examples of other artworks in other collections, press clippings, history of artwork).

If the artwork will be commissioned:

Provide a written proposal with the following information:

- resume of the artist and photographs of his/her work;
- details about the artwork that would be commissioned, including subject of the artwork, medium/materials, approximate size; and
- sketch or maquette of the artwork.

I have read the City of Suisun City Artwork Gift Policy.

Signature: _____ Date: _____

CHAPTER 4 DEVELOPER GUIDELINES

Requirements and Procedures to Install Public Art – Public Private Partnership

The requirements and procedures for processing a request to install public art shall be as follows:

- a. If the developer chooses to provide artwork, an Application including a site plan showing the location of the artwork, complete with landscaping, lighting and other appropriate accessories to complement and protect the artwork, the artist's concept and representation, such as a drawing, photograph, or maquette of the artwork, must be submitted. Developers should indicate what medium or materials will be used and should also include maintenance plans for the artwork. Information on the artist chosen to create the art may also be attached.
- b. The Planning Division staff and the RPM staff will review the proposal to ensure that the artwork is generally compliant with these Guidelines and other applicable city ordinances, e.g., a mural proposal will be reviewed to ensure that it does not infringe on the signage ordinance.
- c. To the maximum extent possible, processing the request to install public art shall be concurrent and coordinated with the project application.
- d. Proposals will be forwarded to the RPMA Commission.

RPMA Commission Recommendation Guidelines

The RPMA Commission will review the proposed project to ensure that the project does not include subject matter such as the apparent representation of violence, inappropriate nudity, denigration of individuals or cultures, or desecration of significant cultural symbols.

The Commission will approve the proposed art, conditionally approve, or deny the request to install public art based upon these guidelines including the following criteria:

- a. The artwork shall be placed on public or private property which is easily accessible and clearly visible to the general public. If located on private property, the area must be open to the public and clearly visible from adjacent public property, such as a street or other public thoroughfare or sidewalk.
- b. The application shall include a site plan showing the location of the artwork, complete with landscaping, lighting and other appropriate accessories to complement and protect the artwork.

- c. The composition of the artwork shall be of permanent-type of materials in order to be durable against vandalism, theft, and weather, and in order to require a low level of maintenance.
- d. The artwork shall be related in terms of scale, material, form and content to immediate and adjacent buildings and landscaping so that it complements the site and surrounding environment.
- e. The artwork shall be designed and constructed by persons experienced in the production of such artwork and recognized by critics and by his or her peers as one who produces works of art.
- f. The artwork shall be a permanent, fixed asset to the property and be maintained for not less than 30 years.
- g. The artwork shall be maintained by the property owner in an orderly manner acceptable to the City, unless the artwork is installed on property owned by the City, in which case the City shall maintain the artwork with funds provided by the property owner.

The Commission may make recommendations to the developer for changes to the project proposal in order to maintain the City's artistic vision.

When the project applicant has elected to acquire and install artwork, the building permit for the development project shall not be issued until the Commission has approved the request to install public art, and the certificate of occupancy shall not be issued until the approved work of art has been installed. The developer shall enter into an agreement with the city, which shall be recorded against the property, to ensure that the public art is maintained for a minimum period of 30 years.

The project applicant may appeal any decision rendered hereunder by the Commission to the City Council for final decision.

Definition of Public Space

A Public Space is defined as a space, which is easily accessible and clearly visible for public view. The area must be open to the general public and clearly visible from adjacent public property such as a street or other public thoroughfare or sidewalk.

Permitted Types of Artwork

Types of artwork permitted as public art in Suisun City include:

- Paintings-all media including both portable and permanently affixed works, such as murals.
- Sculpture-in the round, bas-relief, mobiles, fountains, kinetic or other, in any materials or combination of materials
- Other visual media-including but not limited to prints, drawings, stained glass, calligraphy, mosaics, photography, video, ceramics, fiber and textiles.
- Mixed media combination of forms and media such as collage, etc, other works of materials, disciplines and media which are of temporary duration, including installation of performance arts that are documented and archived.

Eligible Mediums
