The City may, at its election, or in response to a request from the Contractor, furnish information or services from other Contractors. If, in the Contractor's opinion, such information or services are inadequate, the Contractor must notify the City of the specific service or material deemed inadequate and the extent of the inadequacy prior to use in the performance of this Agreement. Unless so notified by the Contractor, the City may assume the information or services provided are adequate.

To the fullest extent permitted by law, the Contractor shall indemnify, defend, and hold harmless the City from and against any claim of, or damages, losses, expenses and liability (including but not limited to fees and charges of engineers, architects, attorneys, and other professionals, and court, mediation and/or arbitration costs) for negligent acts, errors, and omissions of the Contractor, Subcontractor, persons or organizations directly or indirectly employed or engaged by Contractor or Subcontractor under this Agreement. Under no circumstances will City pay for charges in excess of any lump-sum or not-to-exceed contract amount incurred prior to written authorization by City for an increase in the contract amount. Written request for an increase in the contract amount shall be given to City with sufficient notice to allow City to issue formal approval prior to the incurring of excess charges without delay to the work.

On “time and expenses” contract amounts, compensation for work included in the Scope of Work shall be for direct labor costs and the actual cost of reimbursable expenses. Direct labor costs shall be as shown on the current Standard Labor Rates for the Contractor, as shown in the attached proposal dated n/a , times a factor of n/a , for services rendered by principals and employees of the firm. Reimbursable expenses mean the actual expenses incurred directly or indirectly in connection with the Project for: transportation and subsistence incidental thereto; obtaining bids or proposals from contractor(s); furnishing and maintaining field office facilities; toll telephone calls and telegrams; reproduction of reports, drawings, specifications, and similar project-related items and, if authorized in advance by City, overtime work requiring higher than regular rates. The Contractor shall submit a final invoice and required documentation for services authorized by each Notice to Proceed within ninety (90) days after final acceptance by the City. The City will not be held liable for payment of invoices submitted after this time unless prior written approval has been given.

V. Changes:

Changes in the Scope of Work or of services may only be made by written amendment signed by both City and Contractor.

If at any time the City through its authorized representatives, either orally or in writing, requests or issues instructions for extra services or otherwise directs actions which conflict with any provisions of this Agreement, the Contractor shall, within ten (10) days of receipt and prior to pursuing such instructions, notify the City in writing, and to the extent possible, describe the scope and estimated cost of any extra services. Unless so notified by the Contractor, the City may assume such instructions have not changed any provisions of this Agreement nor require additional compensation. No additional payments shall be made to the Contractor without such notice.

VI. Audits and Records:

The Contractor shall maintain records of all performances, communications, documents, and correspondence pertinent to this Agreement, and the City or its authorized representatives shall have the right to examine such records and accounting procedures and practices.

This Agreement may be terminated by either party upon ten (10) day's written notice if the other party fails substantially to perform in accordance with its terms through no fault of the party initiating the termination (default termination). If the City terminates this Agreement, the City will pay the Contractor a sum equal to the percentage of work completed that can be substantiated by the Contractor and the City. If the City becomes aware of any fault or defect in the work of the Contractor or nonconformance with this Agreement, the City will give prompt written notice thereof to the Contractor. Should the Contractor's services remain in nonconformance with this Agreement, the percentage of total compensation attributable to the nonconforming work may be withheld.

The City at any time may terminate (convenience termination) or suspend this Agreement for its own needs or convenience. In the event of a convenience termination or suspension for more than three months, the Contractor will be compensated for authorized services and authorized expenditures performed to the date of receipt of written notice of termination plus reasonable termination expenses. NO fee or other compensation for the uncompleted portion of the services will be paid, except for already incurred indirect costs which the Contractor can establish and which would have been compensated for over the life of this Agreement, but because of the convenience termination would have to be absorbed by the Contractor without further compensation.

If state or federal funds support this Agreement, settlement in the event of default or convenience termination must be approved by the City and any appropriate state or federal agency.

IX. Officials Not to Benefit:

No member of or delegate to Congress, United States Commissioner or other officials of federal, state or local government shall be admitted to any share or part of this Agreement or any benefit to arise therefrom. The Contractor warrants that it has not employed or retained any organization or person, other than a bona fide employee working for the Contractor, to solicit or secure this Agreement and that it has not paid or agreed to pay any consideration contingent upon or resulting from this Agreement.

X. Independent Contractor:

Except in those instances specifically provided for herein, the Contractor and any of its agents and employees shall act in an independent capacity and not as agents of the City in the performance of the Agreement.

XI. Ownership of Work Products:

Work products produced under this Agreement, except items which have preexisting copyrights, are the property of the City. Payments to the Contractor for services hereunder includes full compensation for all work products, field notes, interim work, reports, and other materials produced by the Contractor and its Subcontractors pertaining to this Agreement. Any re-use the City might make of these work products shall be at the City's own risk and the Contractor shall not incur any liability for the City's re-use of the work products on any project for which they were not intended.

XII. Subcontractors, Successors and Assigns:

The City must concur in the selection of all Subcontractors for services to be engaged in performance of this Agreement.

As soon as practicable after the award of the contract, the Contractor shall furnish to the City in writing the names of the proposed Subcontractors for each of the principal portions of the work. The City shall promptly notify the Contractor if it has reasonable objection to any of the proposed Subcontractors. Failure of the City to give prompt notification shall constitute notice of no reasonable objection. The Contractor shall not contract with any Subcontractor to whom the City has made reasonable objection.

If this Agreement includes named firms or individuals, then such firms or individuals shall be employed for the designated services, unless the Agreement is changed by amendment.

The Contractor shall not assign, sublet or transfer any interest in this Agreement without the prior written consent of the City.

The Contractor binds itself, its partners, its Subcontractors, assigns and legal representatives to this Agreement and to the successors, assigns and legal representatives of the City with respect to all covenants of this Agreement.

The Contractor shall include provisions appropriate to effectuate the purposes of this Appendix C in all subcontracts executed to perform services under this Agreement in which the subcontract amount exceeds \$40,000.

XIII. Claims and Disputes:

If the Contractor becomes aware, or reasonably should have become aware of any act or occurrence which may form the basis of a claim, the Contractor shall immediately inform the City's Project Manager. If the matter cannot be resolved within seven (7) days, the Contractor shall within the next fourteen (14) days submit written notice of the facts which may form the basis of the claim.

In addition, all claims by the Contractor for additional compensation or an extension of the time for performance of any dispute regarding a question of fact or interpretation of this Agreement shall be presented in writing by the Contractor to the City's Project Manager with the next sixty (60) days unless the Project Manager agrees in writing to an extension of time for good cause shown. Good cause shown includes time for the Contractor to prepare the claim, and the City's Project Manager will grant an extension of not more than sixty (60) days for preparation of the claim. The Contractor agrees that unless these written notices are provided, the Contractor shall not be entitled to additional time or compensation for such act, event or condition. The Contractor shall in any case continue diligent performance under this Agreement. The Contract Officer's decision is final and conclusive unless, within thirty (30) days of receipt of the decision, the Contractor delivers a notice of appeal to the City Manager. The notice of appeal shall include specific exceptions to the City's decision including specific provision of this Agreement which the Contractor intends to rely upon on appeal. General assertions that the City's decision is contrary to law or to fact are not sufficient.
- The decision of the City Manager will be rendered within 120 days of notice of appeal and the decision constitutes the exhaustion of contractual and administrative remedies.
