2025 Valdez Beautification Matching Grant Program

City of Valdez Beautification Commission Mission: Work to advocate for, promote, and enhance the aesthetics of the local human-built environment to reflect the beauty of the surrounding natural environment.

Valdez Beautification Matching Grant Program Mission: Work to build community, a sense of place, and civic pride through funding beautification projects focused on the aesthetics of Valdez, including but not limited to design, landscaping, and public art.

The Valdez Beautification Matching Grant Program offers a financial incentive designed to assist local businesses or commercial property owners in improving the business setting for investors as well as providing an overall upgrade in appearance for residents and visitors.

2025 will be the tenth year of the program and continues with the expansion of eligible properties outside the core downtown district.

The 2025 matching grant program's goal is to improve the overall aesthetics of Valdez through:

- Improving the overall quality of building/structure façades in order to attract more local residents and visitors to shop, eat, and do business in Valdez.
- Encouraging businesses to invest in additional aesthetic and design improvements including landscaping and public art.
- Encouraging and incentivizing property/business owners to reinvest in our community.
- Encouraging grant applicants to strengthen the local economy through utilizing local vendors, contractors, and materials.

ELIGIBLE PROPERTIES:

Properties located in the following [zoning districts](#) are eligible to apply for funding: **Central Business District, General Commercial, Waterfront Industrial and Light Industrial.**

Properties may be mixed use but must be used primarily for a business purpose to be eligible for grant funding.

Properties must be up to date on their property taxes and may not have open code violations to apply.

INELIGIBLE PROPERTIES:

Properties located in the following [zoning districts](#) are not eligible to apply for funding: **Neighborhood Mixed Use, Rural Residential, Moderate Density Residential, High Density Residential, Heavy Industrial, and Conservation.**

Strictly residential properties, home occupation, and properties with delinquent property taxes are not eligible for the matching grant program. Buildings that are publicly owned or owned by a non-profit are not eligible to receive grant funding.

TIER ONE AND TIER TWO:

Eligible properties will be designated in one of two tiers based on location, visibility and whether grant program funds have been received previously. Due to program goals and limited program funding, properties designated as “Tier One” will be given priority for grant selection, however “Tier Two” properties may also be considered.

TIER ONE: Eligible properties located in the outlined area below **or located within 100 feet of the Richardson Highway corridor:**

TIER TWO: Eligible properties located within Valdez city limits, but outside of the Tier One designated areas. Eligible properties which have previously received a beautification matching grant.

GUIDELINES:

All projects must be approved before any work begins. Grants will not be awarded retroactively.

Property owners should be the applicant when possible. If an applicant is not the owner of the building, they must obtain the property owner's written approval prior to applying.

Any changes to the project after grant approval must be approved before work commences or the grant will be forfeited.

Eligible aesthetic improvements must be to the exterior of a building and may include, but are not limited to:

- Significant overall architectural or design improvements.
- Landscaping improvements – including artwork or murals.
- Removal of old signage and exterior clutter (including the removal of unsightly structures and shipping containers from properties).
- Facade improvements – i.e., signage upgrades, murals, siding, etc.

ELIGIBLE COSTS (WITH APPROPRIATE DOCUMENTATION):

- Materials and shipping costs for approved improvements.
- Costs from appropriately licensed third-party vendors or contractors.
- Architectural and engineering services.
- City or State fees and permits directly related to the project.

INELIGIBLE COSTS:

- Improvements commenced prior to application approval or issuance of notice to proceed.
- Improvements not specifically noted in the award letter.
- Improvements which are considered routine maintenance (examples include replacement of light bulbs without an associated facade improvement, pavement replacement without an associated landscaping improvement, etc.)
- Simple replacement of like items, such as a replacement of a sign with the exact same sign.
- Improvements made to previous work funded by a Beautification Matching Grant, unless the work is part of a phased beautification project.
- Repairs caused by damage to a building, structure, or property that should be completed through an insurance claim.
- Partial or full roof replacement.
- Construction of a new building.
- Applicant or property owner labor.

SELECTION PROCESS:

Total funding available for the Valdez Beautification Matching Grant Program is determined by the Valdez City Council. Due to limited funding, projects meeting the criteria of this program will be presented to the City of Valdez Beautification Commission for selection.

Applications are due to the City Clerk's Office no later than 5:00 pm. on Friday, March 21, 2025. Applications received after the due date shall not be considered.

A complete grant application may be submitted to the City Clerk's Office by email, mail or in-person at city hall. This application must include:

- Detailed written description of proposed work.
- Sketches or drawings of proposed improvements, including samples/photographs of paint colors or materials to be used (do not need to be professionally drawn, but are required for application consideration).
- Color "before" photographs of the area or areas to be improved (submitted electronically if possible).
- Bids for contracted work (if applicable).
- Budget breakdown – including itemized list of estimated costs associated with the project.
- A letter/narrative addressed to the Beautification Commission explaining how the proposed work adds to the aesthetics of your property and our community.

The City may require more detail in order to issue permits after application approval.

Please note: Depending on available funding for the grant program, awarded matching grants may be less than the full amount requested in the project application.

Eligible projects will be scored by the Beautification Commission during their regular April 2025 meeting.

Projects will be given higher priority if they make substantial visible improvements, are high visibility projects, result in improvements to surrounding properties, utilize locally procured materials/labor/contractors, or fall into Tier One. Removal of exterior clutter, landscaping projects, public art and building facade improvements will also be given higher priority in the selection process. Plans for ongoing upkeep of the proposed improvements will also be considered by the commission.

The Beautification Commission will then forward the recommended list of grant awardees and grant amounts to the Valdez City Council for final funding approval at the next available regular Council meeting. Once grant projects are approved, City Clerk's Office staff will mail matching grant award letters which include a "Notice to Proceed" for the project. The Notice to Proceed document must be signed by the grant recipient and returned to the City Clerk's Office before construction on the grant project begins.

PROJECT EXECUTION:

Following approval, the applicant must secure all required federal, state, and municipal permits. **Projects that fail to obtain proper permitting shall forfeit their grant funding.**

If an applicant enters into an agreement with a contractor for the completion of specified eligible improvements, the applicant is solely responsible for the payment of services rendered on said project.

Awardees must complete the eligible improvements and submit the reimbursement packet by December 12, 2025, as outlined in the Notice to Proceed, unless otherwise extended in writing by the City of Valdez.

Extensions may only be granted one time, on a case-by-case basis, for exceptional circumstances. An extension may only be made for one additional grant cycle. **Extension requests must be submitted to the City Clerk's Office in writing prior to December 12, 2025, or will not be considered.** Extensions may be approved by City Clerk's Office staff if they meet criteria determined by the Beautification Commission. If the City Clerk's Office does not grant an extension, the applicant may appeal to the Beautification Commission.

In the event the grant reimbursement package is not submitted by the deadline and a time extension has not been granted, the City of Valdez reserves the right to terminate the grant award without any liability to the applicant, so that those funds may be dedicated elsewhere.

GRANT AMOUNTS:

Applicants can apply for a grant rebate to pay for up to 50 percent of the cost of improvements, with a maximum reimbursement of \$12,500 per building. Projects involving corner buildings or spanning more than one lot/parcel may request larger grant amounts, not to exceed a maximum reimbursement of \$25,000.

Please note: Depending on the number of applications and available funding for the grant program, awarded matching grants may be less than the full amount requested in the project application.

GRANT REIMBURSEMENT PROCESS:

Once the eligible improvements have been completed, the awardee shall notify the City through completion of a grant reimbursement request package. The applicant must submit documentation to the City as outlined in the reimbursement package below, including associated receipts and paid invoices for verification of eligible costs, copies of permits and inspection reports, the appropriate business W-9, and if a contractor was used, proof that the contract was paid. Applicants must also submit color before and after photographs when requesting grant reimbursement (preferably in electronic form).

After reviewing the accuracy of receipts and/or invoices for the eligible improvements, and upon verification that the eligible improvements have been completed in accordance with the grant award scope and project design drawings, plans, or specifications; the City will reimburse the applicant the matching grant amount within 30 days. **Only those improvements outlined in the grant award letter will be eligible for reimbursement.**

Re: Coordination and Clean-Up Efforts for Black Gold Park Strip
Date: January 3, 2025

City of Valdez code invites the Valdez Beautification Commission to advocate for, promote, and enhance the aesthetics of the local human-built environment to reflect the beauty of the surrounding natural environment and to consult with other city boards and commissions on their work as it relates to community aesthetic. Commissioners are dedicated to enhancing our community's visual appeal and environmental quality. With this commitment in mind, we would like to bring to your attention the current state of the Black Gold Park Strip and the need for a coordinated clean-up effort.

Valdez's park strips are central public spaces that play essential roles in the city's identity and recreational offerings. Unfortunately, those not visible from the town center have been declining, with signs of neglect, including insufficient topsoil in key areas and overall aesthetic. To address these concerns, we propose a comprehensive clean-up initiative that prioritizes collaboration among the Streets and Shop Division (Public Works), the Parks Maintenance Division (PRCS) and any contractors involved.

We respectfully request:

1. **Immediate attention to maintenance needs:** Removing debris, weeds, and pathway clean-up to improve the park's appearance and usability.
2. **Provision of additional topsoil:** A layer of quality topsoil is essential to revitalize the grounds and support future landscaping efforts.
3. **Enhanced coordination and communication:** To ensure the project's success, a clear communication strategy between the relevant departments and contractors would be helpful. Seasonal updates and joint meetings would help align goals and resolve potential issues promptly.

The Beautification Commission is prepared to assist in planning, monitoring, and advocating for these efforts. We believe working together can restore the Black Gold Park Strip to its rightful condition as a community asset. We would like to invite you to our regular February 2025 meeting to discuss this further.

Thank you for your attention to this important matter. We look forward to your support and guidance in moving this project forward.
