## Fur Lab Inspection Report

As per section 6.12.050 of the Valdez Municipal Code, Fur Lab located at 120 Hanagita St. was inspected on August 30, 2019 by Chief ACO R. Long to ensure compliance with code requirements. Christina Mitvitnikoff was in attendance.

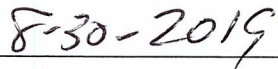

Fur Lab was found to be in compliance with all Kennel License requirements.

A copy of the Client Grooming Agreement is attached and clearly defines all vaccination requirements by the City of Valdez municipal code.

## Client Grooming Agreement

- I. **Current Vaccinations/ Veterinarian Information:** By signing this contract, owners verify their pet is current on Rabies, Distemper, and Parvovirus vaccinations. Proof of Vaccination or current Titer testing shall be provided to FUR LAB upon request, as well as current Veterinarian information. FUR LAB also strongly recommends that each pet be vaccinated with the Bordetella vaccine (Kennel Cough).
- II. **Aggressive or Dangerous Pets:** Owners MUST inform FUR LAB if their pet(s) bites, has bitten, or is aggressive with people, other pets, or specific grooming procedures. E-Collars or muzzles may be used if necessary. Muzzling will not harm your pet and protects both the pet and the groomer. FUR LAB reserves the right to refuse/ stop services for pet(s) AT ANY TIME before or during the grooming process if a dog becomes aggressive and will be charged for any grooming services already completed.
- III. **Health and Medical Problems or Senior Pets:** Grooming procedures can be stressful, especially for a senior pet or a pet with health problems. These procedures can expose hidden or aggravate known medical problems during or after the groom. **Because senior pets and pets with health problems have a greater chance of injury, these pets will be groomed for cleanliness and comfort, in styles that will not add to their stress.** In the interest of your pet, this contract/ agreement will give FUR LAB permission to obtain immediate veterinary treatment for your pet should it be deemed necessary by FUR LAB. We will do our best to contact you first, then take your pet to an authorized Veterinarian. It is agreed that all expenses for Veterinary Care will be covered by the pet's owner upon signing this contract/ agreement. \_\_\_\_\_ **(Please Initial)**
- IV. **Coat Type and Condition:** Grooming pets with matted coats takes extra time and care, and we charge extra grooming fees for de-matting, even for small areas of your pet's coat. Mats left in a pet's coat only grow tighter and may cause injury to the pet's skin, including: irritation, inflammation, secondary infections, and sores. FUR LAB cares about the health and well-being of your pet first and foremost and will not continually de-mat your pet for you. Mats can be very difficult and painful to remove and may require your pet to be shaved in order to remove matting safely. Removing a heavily matted coat includes risks of nicks, cuts, or abrasions due to warts, moles, or skin folds trapped in the mats. Heavy matting can also trap moisture and urine near the pet's skin allowing mold, fungus, or bacteria to grow causing skin irritations that existed prior to the grooming process. **The after effects of mat removal can include itchiness, skin redness, self-inflicted irritations, nicks, abrasions, and bruising or bleeding on the tips of the ears.** Shaved pets are also prone to sunburn and should either have sunscreen applied daily or should be kept out of the sun until the hair grows sufficiently to protect the skin. In some cases, pets may also exhibit brief behavioral changes. Prevention is the best defense against matting; therefore, be sure to schedule regular grooming appointments.  
\_\_\_\_\_ **(Please Initial)**

V. **Accidents:** There is always the possibility that an accident could occur. Grooming equipment is sharp. Even though we use extreme caution and care in all situations, possible problems could occur; including cuts, nicks, and scratches. In most cases, this can happen when a pet is wiggling or moving around. If you arrive to pick up your pet and it is still being groomed, please do not allow your dog to see or hear you. Please sit quietly in our waiting room or step outside for a few moments. Every effort will be made to ensure your pet is groomed as safely as possible. It can be dangerous to work on an excited pet. If you insist on talking to your pet or the groomer, we reserve the right to end the grooming session, even if the groom is not completed, and the full grooming price will be charged. \_\_\_\_\_(Please Initial)

VI. **Parasites:** If you suspect your pet has fleas or ticks, prompt and thorough action on your part is needed. Flea infestations can lead to tapeworm and other health problems. If fleas and ticks are found during the grooming process, you may be charged an additional \$5- \$10 to properly treat your pet with a natural product to kill the parasites. PLEASE NOTE: FUR LAB will NOT use pesticide dips or sprays on your pet. If ticks are found, we strongly suggest you have your pet tested for Lyme Disease. Parasites are a health hazard to your pet and you.

VII. **Tardiness and Cancellation Policy:** Clients who are more than 10 minutes late for their appointment risk losing their appointment without notice. We ask for at least 24 hour notice when cancelling an appointment, if not, there may be a \$15 re-booking fee. If there have been previous "no show" appointments, there may be a pre-payment required for future appointments.

VIII. **Late Pick-ups:** We offer salon-style grooming and do NOT have adequate space to keep pets for long periods. We expect you (or someone you designate) to pick up within 15 minutes after we phone or text to let you know your pet is ready. Early drop-offs and late pick-ups will be subject to a DAYCARE FEE of \$5 for every 10 minutes PER PET, which will be added to your grooming charges. We understand there may be emergency situations and, in most instances, we can accommodate a pet staying a few minutes longer, but we may have to crate your pet and charge a late fee when it causes delay or disruption to our schedule. If your dog is not picked up by closing for the day, an additional \$50.00 overnight fee will be applied.

\_\_\_\_\_ (Please Initial)

IX. **Hold Harmless Agreement:** By signing this contract, you agree to hold FUR LAB, its owners, operators, employees, officers, and directors harmless from any damage, loss, or claim arising from any condition of the listed pet(s), either known or unknown, to FUR LAB. It is also further understood and agreed that the terms of this agreement can change at any time, without notice, and will override any and all prior signed contracts or releases. It is understood this clause applies to any and all pets groomed at The FUR-ologist's LAB-oratory.

**I have read and agree to the policies of The FUR-ologist's LAB-oratory.**
