

5/10/2023

Valdez City Council,

On May 9, 2023, the Valdez Parks and Recreation Commission met and discussed the 65% design of the Meals Hill Plan following a brief presentation from Huddle architects. At the end of the presentation the Commission provided a consensus of approval on the 65% design and recommended staff continue the current design plan.

In addition to the plan review, City staff provided an update on the overall project funding issues the project is facing with regards to design, and informed them that a request for additional funding for design would be presented to City Council at a future meeting. The Parks and Recreation Commission determined it necessary to send a recommendation to City Council in favor of supporting the additional funding for the design of the Meals Hill Project and continue to move forward with the project.

On behalf of the City of Valdez Parks and Recreation Commission I, Sarah Jorgenson-Owen, would like to recommend supporting the additional funding of the Meals Hill Project. There was a consensus from all board members of the Parks and Recreation Commission.

Thank you,

A handwritten signature in blue ink, appearing to read "S. Jorgenson-Owen".

Sarah Jorgenson-Owen  
Chair, Parks & Recreation Commission
