

Dennis,

Per our discussions, please mark your calendar for High Noon July 13th @PWSC for your Business Luncheon presentation. The EDC requested your presentation to cover current status of the boat harbor construction effort, the various road projects and the upcoming city marketing effort. If you want to add the issue of housing it would be more than welcomed as well. Doors open at 11:40ish. EDC is providing cold sandwiches and bottled water. Invitations will be going out this week.
