ASI 89 - Communication Rooms 156 & 203 Cooling	\$ 46,339.43	\$ 1,390.18	\$ 47,729.61
Estimated cost allocation to each Room	Room 156	Room 203	
H&H Sheetmetal	\$ 5,719.57	\$ 22,878.28	
Meridian Systems	\$ 3,093.00	\$ 2,062.00	
Mantech Mech.	\$ 2,540.15	\$ 4,717.43	
Mega-Watt Electric	<u>\$ 3,197.40</u>	<u>\$ 2,131.60</u>	
Subcontractor totals	\$ 14,550.12	\$ 31,789.31	
Dawson Fee@3%	<u>\$ 436.50</u>	<u>\$ 953.68</u>	
Portion of total allocated to each room	\$ 14,986.63	\$ 32,742.99	

Scope description: Room 203 Relocate existing air conditioning (AC) unit CAC-1 from Communications Room 203 to the hallway outside the Comm. Room; demolish existing intake and outlet ductwork and reconnect new ductwork; seal wall penetrations; re-pipe condensate drain line; extend and reconnect existing electrical circuit and control wiring. **Room 156** Demolish existing exhaust fan in Comm. Room 156; furnish and install new ceiling-mounted AC unit CAC-2 and Direct Digital Controls thermostat in Room 156.

Justification: Room 203 The existing AC system in Comm. Room 203 was designed and installed for serving the new middle school. The original design had the AC unit located away from network equipment to allow accessibility for maintenance. During construction, the School District's central server function at the High School was relocated to Room 203. The network equipment layout and equipment was changed based on field coordination but the AC unit location was not changed to accommodate the new equipment layout. The School District Maintenance department expressed concern about the specified AC unit location because condensate or pipe leaks might damage the IT equipment or interrupt District server operations. **Room 156** The original design for Room 156 was based on maintaining room temperature of 85 degrees without use of an air conditioning system and the associated maintenance. During construction, an exhaust fan and transfer air system were added in Comm. Room 156 to facilitate cooling to 85 degrees F. After construction, the School District requested that an air conditioning unit be installed. The Owner authorized the Contractor to use Contractor Controlled Contingency funds to perform this remodel work for both rooms.

Dawson Construction
402-32nd Street, Suite 110
Bellingham, WA 98225
(360) 756-1000

1st AC. TUDAL.

GENERAL NOTES:

- A PATCH AND SEAL GAP IN WALL BETWEEN
ELECTRICAL 204 AND COMM 203.
- B RE-PIPE CONDENSATE DRAIN FROM CAC-1
TO EXISTING DRAIN LINE IN COMM 203.

SHEET NOTES:

- 1 RELOCATE CAC-1 TO POSITION SHOWN OUTSIDE OF COMM ROOM 203. RECONNECT TO LOCAL CONTROLLER. COORDINATE LOCATION WITH OWNER PRIOR TO INSTALLATION.
- 2 DEMOLISH 16/20 INTAKE AND OUTLET CONDENSER DUCTWORK AS NEEDED TO MAKE ROOM FOR CAC-1.
- 3 PROVIDE NEW 20/20 COOLING AND EXHAUST DUCTWORK FOR COMM 203.

RE: Proposal for Valdez Middle School ASI 089 Comm. Room Modifications
Valdez, Alaska

Brian,

Thank you for the opportunity to provide a proposal for this project. Based on the ASI 089 documentation, I have prepared the following proposal:

General Clarifications:

- We will be providing relocation of the existing thermostat in Comm. Room 203. Also, we will be providing a new Direct Digital Controls thermostat to monitor temperature in Comm. Room 156 similar to Comm. Room 203. For the new CAC unit we will be providing wiring of the factory provided controls.

Inclusions:

1. Pricing includes necessary devices, programming, and checkout of the control system.
2. Control system installation, wiring, and conduit (where required) of all devices provided by Meridian Systems. The control system will be installed in accordance with National Electrical Code requirements.
3. Wiring of factory provided AC Unit Controls.
4. Freight FOB Jobsite.
5. Travel & Subsistence.
6. Please note that if invoice payments are paid by credit card there will be a 5% additional fee assessed to cover credit card transaction and processing costs.

Exclusions:

1. Installation of sensor wells or provision and installation of taps.
2. Testing or balancing of any hydronic, steam, or air systems.
3. Installation of control valves.
4. Provision or installation of dampers.
5. Provision or Installation of air or liquid thermometers and pressure gauges.
6. Provision or installation of duct smoke detectors.
7. Any and all interlock wiring of Air Conditioning Units.

Our proposal for this scope of work is \$5,155. Attached, please find a proposed point summary and cost breakdown for the project. Thank you and please contact me if you have any questions or if I can be of any further assistance.

Sincerely,

Jessi E. Cherry

Subject: VMS Com Rooms and Shed

I met with Jim N and Todd W. They want to move ahead with com room using contractor contingency. Not going to City Council. A couple of caveats: they want the AC unit replaced due to poor workmanship (from manufacturer), leaks, there are bulges in the copper piping, etc. and they are concerned about schedule/keeping IT equipment running while work is underway.

The shed is going to next city council meeting for approval.

STANDARD TERMS AND CONDITIONS APPLYING TO ALL SALES

All sales by North Coast Electric Company (Seller) are expressly conditioned upon the terms and conditions set out below. Any additional or different terms or conditions in any previous or later communication from Purchaser, any course of dealing, or any custom; including but not limited to any purchase order, change order, or remittance advice; is hereby objected to by Seller. Terms additional or different from those set out in this document (except product descriptions, prices, and similar transaction specific terms) will have no force or effect unless set out in a written document, unequivocally expressing Seller's agreement to those terms, signed by a representative of Seller with authority to do so.

PRICES

Unless otherwise specifically agreed to in writing, all quotations shall expire thirty (30) days after issuance, and prices are subject to change at any time without notice. Prices do not include sales, use, excise, value added, or other taxes. Where applicable, such taxes shall be paid by Purchaser. References to "freight allowed" relate only to the specified items and quantities clearly so identified in a writing signed by Seller.

PAYMENT TERMS

Payment is required at the time of order or in advance of shipment unless Purchaser has submitted and Seller has approved an application for credit, associated credit agreement, and any required personal guaranties. Regardless of the existence of any other agreement, Seller may require full or partial payment, or other reasonable assurances of Purchaser's intent and ability to fully perform its obligations, as a condition of further performance if Seller has reasonable grounds to fear that Purchase may not fully perform its obligations. Unless otherwise agreed by Seller in writing, all payments on credit purchases are due on or before the 25th day of the month following the month of each purchase. To the extent allowed by Seller in its absolute discretion (normally by indication on an invoice), payment received on or before the 10th day of the month following the month of purchase may qualify for a discount. All amounts not paid on or before the due date will be deemed PAST DUE and shall accrue a finance charge of 1 1/2% per month or, if a lesser rate is required by law, the highest rate allowed by law. No payment by asserted offset or set-off shall be valid.

INVOICES

All invoices and monthly statements issued by Seller shall be conclusively deemed to be accurate except to the extent Purchaser notifies Seller of any error, in writing, within 10 days of receipt.

DELIVERY

Unless otherwise agreed in writing, all sales are made F.O.B. point of shipment with freight allowed to the common free delivery point nearest the destination, or a designated port for shipments overseas, within the continental United States. Title and risk of loss shall pass to Purchaser upon the earlier of Seller's delivery to Purchaser or receipt by the first carrier for transport to Purchaser. Purchaser is responsible for all aspects of unloading and storing of all materials upon delivery. Any shipping or delivery dates given by Seller are approximate; are provided only for the convenience of Purchaser; and are conditioned upon the prompt provision of all necessary information by Purchaser, the ready availability of raw materials and components, normal labor relations, and customary times for manufacture. Seller shall not be liable for any delay in delivery of any kind, regardless of cause or extent. All sales are contingent on the ability of Seller and its suppliers/manufacturers to secure associated products and raw materials.

WARRANTIES AND DISCLAIMERS

All sales are "as is." Materials sold by Seller are the products of others. Seller agrees to use reasonable efforts to help Purchaser obtain from each manufacturer, in accordance with each manufacturer's warranty, the repair or provision of replacement products, or components of products, that may prove defective in material or workmanship. That obligation shall constitute the sole obligation of Seller, and Purchaser's sole remedy against Seller, with respect to any defective or nonconforming materials. Except as to title, Seller makes NO WARRANTIES of any kind, express or implied. In particular, Seller makes NO WARRANTY OF MERCHANTABILITY OR OF FITNESS FOR ANY PURPOSE, including any warranty of compliance with any plans or specifications.

LIMITATION OF LIABILITY

Seller shall not be liable to Purchaser or any other party for any consequential, incidental, or special damages of any kind, including but not limited to labor charges or lost profits, under any circumstances. In all events, Seller's maximum liability for all claims or set of related claims arising from a purchase shall be the purchase price of the materials found to be defective, non-conforming, or otherwise not provided in accordance with Seller's obligations. If only a replaceable component of any item is defective or non-conforming, Seller's liability is limited to the cost of a replacement or reasonably allocated portion of the purchase price of any relevant component part or parts, whichever is less.

CHANGES AND CANCELLATIONS

Any request by Purchaser to cancel all or any portion of an order, or for any changes of any kind, must be made in writing and will be effective only if evidenced by a written document, signed by an authorized representative of Seller, unequivocally evidencing an intent to accept the relevant cancellation or change. Acceptance of any requested cancellation or change is subject to Seller's absolute discretion and may be conditioned upon adjustment of prices, schedules, and other terms and/or upon the payment of one more restocking or other charges.

RETURNS

Materials considered by Seller to be stock items may be returned only in accordance with Seller's current Returned Goods Policy and upon payment of restocking charges. Specially manufactured goods may not be returned.

SUBMITTALS AND SHOP DRAWINGS

Seller may assist in the transmission of submittals, shop drawings, and/or other communications, between Purchaser and the appropriate manufacturer or others, as a convenience to Purchaser. Purchaser shall be fully responsible for the timeliness, accuracy, and appropriateness of all such communications. Seller shall have no liability or responsibility of any kind with respect to such communications. Without limiting the generality of this provision, Purchaser acknowledges that Seller has no responsibility to obtain review, approval, or correction of, or to assure that any materials conform to, any specifications, submittals, shop drawings, or other requirements.

DISPUTES

Regardless of legal theory, any claim against Seller must be brought in an appropriate court no later than one year (or the shortest time allowed by law if longer) after acceptance of the relevant materials. If any legal proceeding is brought to determine, interpret, or enforce any rights as between Seller and Purchaser, or in any other way relating to any sales made by Seller, the prevailing party shall be entitled to recover its reasonable attorneys' fees and related expenses of litigation (including, but not limited to, consultant and expert witness fees, charges for non-lawyer legal staff, investigator's charges, transcripts and other deposition expenses, the cost of title reports and asset searches, and travel expenses for witnesses and others) in amounts to be set by the court, in the trial court and on appeal, in addition to costs and disbursements allowed by law. The parties' relationships are controlled by, and all agreements are to be interpreted and enforced in accordance with, only the laws of the State of Washington, excluding any provisions regarding conflict of laws. Venue for any legal proceeding relating in any way to Seller or any sales made by Seller shall exclusively be King County, Washington.

FORCE MAJEURE

Seller shall not be liable for any loss, damage, or delay of any kind arising out of Seller's failure to perform of any kind to the extent caused by unavailability of materials or other circumstances beyond Seller's reasonable control.
