Appendix A Scope of Work

BASIC SERVICES

Provide all pre-construction and support services necessary to provide the City of Valdez: Comprehensive planning and cost information relative to the modifications to the Yellow Building warehouse. Work with design team and evaluate the feasibility of re-cladding the structure, removing portions of unused warehouse, and developing site improvements. Additional implementation and construction administration services to follow in separate fee proposal after site visit.

The scope of work is more specifically described in the attached proposal titled “RHC Kelsey Dock Pre-Construction Scope of Services”, received February 25, 2019.

Appendix B Basis of Compensation

On completion of work and submission of invoices, the City shall pay to consultant the compensation as follows:

Payment shall be made based on the proposed fee and shall not exceed \$20,000.00 per the proposal attached to Appendix A of this Agreement, without prior authorization by the City as required in Section V of the General Conditions A (Appendix C).

PRE-CONSTRUCTION SCOPE OF SERVICES

Roger Hickel Contracting, Inc. will provide the following pre-construction services to assist in the completion of the design for the Kelsey Dock Phase II, Warehouse Refurbishment and Replacement Work:

- Participate, advise, and assist the design team with cost estimating, constructability, and recommendations in the design of the work.
- Provide advice on design concepts, scheduling, phasing, access routes and detours, and impacts to ongoing operations, as well as advising on how to minimize disruptions to visiting public and staff.
- Provide value engineering ideas for consideration on construction materials, methods, phasing, and costs, to provide the City of Valdez with the highest quality facility consistent with budget and design.
- Advise on current construction industry practices, labor market, material availability and alternate products.
- Provide holistic cost estimates as the design reaches the 65% and 100% completion milestones, as well as cost information on alternate design options. We will help to manage the project costs and make recommendations on cost savings changes that will provide the desired facility within the allowable budget. This will be an ongoing process, as the design progresses, to allow any cost overruns or savings opportunities to be recognized in a timely manner.
- Recommend strategies for division of the work that will facilitate bidding and award of trade contracts, sequencing of the work during construction, minimizing disruptions, and allow for the timely completion of the work, while avoiding potential delays and subsequent cost overruns.
- Prepare a detailed Construction Schedule for monitoring and managing the progression of the work. As needed, we will recommend schedule adjustments to ensure project completion within the approved overall construction schedule.
- Solicit, analyze, and provide input on competitive subcontractor and supplier cost proposals for all scopes of the work, including work that we may also consider self-performing.
- Help to establish and maintain procedures for the effective tracking of the work, including shop drawing and product data submittal procedures, requests for information, and scope changes.

Changes in the Scope of Work or of services may only be made by written amendment signed by both City and Consultant.

No additional payments shall be made to the Consultant without such notice.

VII. Audits and Records:

The Consultant shall maintain records of all performances, communications, documents, and correspondence pertinent to this Agreement, and the City or its authorized representatives shall have the right to examine such records and accounting procedures and practices.

that can be substantiated by the Consultant and the City. If the City becomes aware of any fault or defect in the work of the Consultant or nonconformance with this Agreement, the City will give prompt written notice thereof to the consultant. Should the Consultant's services remain in nonconformance to this Agreement, the percentage of total compensation attributable to the nonconforming work may be withheld.

The City at any time may terminate (convenience termination) or suspend this Agreement for its own needs or convenience. In the event of a convenience termination or suspension for more than three months, the Consultant will be compensated for authorized services and authorized expenditures performed to the date of receipt of written notice of termination plus reasonable termination expenses. NO fee or other compensation for the uncompleted portion of the services will be paid, except for already incurred indirect costs which the Consultant can establish and which would have been compensated for over the life of this Agreement, but because of the convenience of the termination would have to be absorbed by the Consultant without further compensation.

If state or federal funds support this Agreement, settlement in the event of default or convenience termination must be approved by the City and any appropriate state or federal agency.

X. Officials Not to Benefit:

No member of or delegate to Congress, United States Commissioner or other officials of federal, state or local government shall be admitted to any share or part of this Agreement or any benefit to arise therefrom. As soon as practicable after the award of the contract, the Consultant shall furnish to the City in writing the names of the proposed Subconsultants for each of the principal portions of the work. The City shall promptly notify the Consultant if it has reasonable objection to any of the proposed Subconsultants. Failure of the City to give prompt notification shall constitute notice of no reasonable objection. The Consultant shall not contract with any Subconsultant to whom the City has made reasonable objection.

If this Agreement includes named firms or individuals, then such firms or individuals shall be employed for the designated services, unless the Agreement is changed by amendment.

The Consultant shall not assign, sublet or transfer any interest in this Agreement without the prior written consent of the City.

Good cause shown includes time for the Consultant to prepare the claim, and the City's Project Manager will grant an extension of not more than sixty (60) days for preparation of the claim. The Consultant agrees that unless these written notices are provided, the Consultant shall not be entitled to additional time or compensation for such act, event or condition. The Consultant shall in any case continue diligent performance under this Agreement. The Consultant shall in any case continue to expeditiously accomplish disputed services pending future resolution of the Consultant's claim unless notified by the City to stop work on the disputed matter.

The Contract Officer's decision is final and conclusive unless fraudulent as to the claim unless, with thirty (30) days of receipt of the decision, the Consultant delivers a notice of appeal to the City Manager. The notice of appeal shall include specific exceptions to the City's decision including specific provision of this Agreement which the Consultant intends to rely upon on appeal. General assertions that the City's decision is contrary to law or to fact are not sufficient.
