

POLICE DEPARTMENT MEMORANDUM

TO: Sheri Pierce, City Clerk

FROM: Bart Hinkle, Chief of Police

RE: Alaskan Greenery Commercial Marijuana [Limited Cultivation] Application

DATE: June 25th, 2019

On June 24th, 2019, I received the Commercial Marijuana Application submitted to the Alaska Marijuana Control Board and the City of Valdez by Michael Liljedahl, who is doing business as Alaskan Greenery and seeking to convert his Standard Marijuana Cultivation License to a Limited Marijuana Cultivation License.

As I have documented in recent years, Mr. Liljedahl appears to operate Alaskan Greenery with the utmost professionalism and openly values the partnership between his business, the State of Alaska, City of Valdez, Valdez Police Department, and the Valdez City Council. In an effort to inspect his facility prior to the due date for the 7/2/19 Council meeting, I presented minimal advance notice to Mr. Liljedahl. As I have become accustomed, he responded quickly and we were able to agree on a time that suited both of our schedules: 0545 on 6/25/19.

During my inspection, I did not observe any violations or discrepancies from the application Mr. Liljedahl submitted. Additionally, Mr. Liljedahl informed me that the modification in license is primarily an administrative move and does not impact operations.

In summary, I have no reasonable grounds to contest or deny the application.
