Per Valdez Municipal Code 17.48.140 B 2 e, temporary land use permit requests not to exceed six months in duration may only be granted by the Planning and Zoning Commission if the desired use is in conformance with the existing zoning and/or comprehensive plan. In reviewing temporary land use permit application 20-04, staff determined the use requested by Pruhs Construction to be in accordance with the comprehensive plan goal to provide the maximum range of community services and facilities, especially on a short term and temporary basis.

Fees for temporary land use permits were established by City Council with Resolution #12-36 which states that "for permits not exceeding two acres in size and for a period of six months or less, the fee shall be \$250 per month; except that a pro-rated daily fee of \$9 may be paid in the case where an entire month is not used." For the period Pruhs Construction has requested, the permit cost will be \$1500.00 for each parcel.

Per Valdez Municipal Code 17.48.140 B2k, if temporary land use permit 20-04 is approved by the Planning and Zoning Commission, the decision will be reported to City Council. Only upon no objection from City Council the permit will the permit become effective, after which, staff will prepare a temporary land use permit document using standard language approved by the City attorneys and include any conditions required by the Commission.
