SUMMARY STATEMENT:

The Shoup street drainage and asphalt improvement project, which encompassed Shoup and Fidalgo and was assigned contract #2235 to Harris Sand & Gravel totaling \$46,000.00, has been successfully finished. These roads required extensive work of large patches, including demolition, hauling, grading, and asphalt replacement, all of which were completed within the allocated budget. The final expenditure aligns with the terms of the contracts.

In the most recent financial update, the Road & Sidewalk Repairs account (350-1100-55000) shows an unencumbered balance of \$128,968.00.

I recommend recognizing the successful conclusion of this road repair project and the efficient use of the allocated funds.
