ITEM TITLE:

Approval of Professional Services Contract with PND, Inc. for Comprehensive Waterfront Master Plan in the Amount of \$396,670

SUBMITTED BY: Jeremy Talbott, Ports & Harbors Director

FISCAL NOTES:

Expenditure Required: **\$396,670**
Unencumbered Balance: **\$396,670**
Funding Source: **402-4300-43200**

RECOMMENDATION:

Approval of Contract, PND Engineering.

SUMMARY STATEMENT:

The City of Valdez requires the engineering services of PND engineering to assist the Ports & Harbors Department with the development of a Comprehensive Waterfront Master Plan.

As the City of Valdez looks to invest, operate, and develop the waterfront, there is a significant need for a strategic guide and action plan. This will ensure waterfront development is organized, well planned and in-line with the Cities overall quality of life and economic goals.

PND Engineering was selected through the standard request for qualification process and was among 4 total firms who expressed interest in the project. The PND Engineering team has extensive experience in the City of Valdez Waterfront facilities, and a history of similar projects throughout

Alaska. *(Highlighted in the RFQ Proposal attached to this agenda item).*

The scope, schedule, cost estimates and approach are attached. PND Engineering has a 10 month schedule for the execution and completion of this project.
