SUMMARY STATEMENT:

- This resolution formalizes acceptance of pending ARPA grant funds, released by the Federal government and administered by AK-DCCED
- Certain capital/infrastructure projects are explicitly authorized in related grant guidance documents. Management recommends the sewer force main as a destination for these grant funds.
- This \$930K represents "non-entitlement unit" (NEU) recipient funds only. Management has identified the possibility of an additional, roughly equal award as a "census area" recipient, but

this award is not yet certain. Management will keep Council apprised, and will return with an additional budget amendment resolution as needed.
