SUMMARY STATEMENT:

Description: This PSA will update the existing design for paving Whalen Avenue, including adding utilities, in preparation for an expected residential subdivision development at Tract P at the northwest corner of Whalen Avenue and W Egan Drive.

The design team will work with the developer of the subdivision to coordinate utility connections and necessary grade points and infrastructure.

Schedule: The period of performance will be 180 days from the Notice to Proceed. With this, we expect construction ready documents by February 2022.

Procurement: This project was included with the Pavement Management Phase II design solicitation to which Kinney was a qualified respondent. Kinney is also the designer of record for the first, smaller scope, design for Whalen Ave. from 2017.
