**SUMMARY STATEMENT:**

The Ports and Harbors Commission has undertaken preparation of a viable master plan for community waterfront, port, and harbor facilities. Working cooperatively with other commissions and organizations, completing this effort can be accomplished locally.

To aid the Economic Diversification Commission in providing feedback, necessary project questions and supporting waterfront master planning documents have been included with this agenda item. It is important that all ideas are presented and explored without prejudgment. Ideas and proposed projects may work together in ways not originally envisioned.
