SUMMARY STATEMENT:

When presenting the Resolution setting the 2017 mill levy, staff alluded to a follow-up resolution to capture needed changes identified by Finance staff and the Assessor, thinking that the changes might be of a material amount. The changes impacted seven properties.

Council's role is to establish the mill rate, and not to certify the tax roll. However, staff had mentioned this housekeeping item for the sake of ensuring that the figures in the certified tax roll would correspond exactly to the mill-levy resolution.

Upon review, the net change to the tax roll is a reduction of \$15,940 of taxable value. As this is an immaterial amount relative to a \$2B total tax roll, and as the underlying changes are captured in their respective property records and certified by the Assessor (see attachment), no action is required from Council.
