SUMMARY STATEMENT:

This resolution funds the shortfall between the Kimley Horn contract amount of \$950,000, approved on July 5th, and the funds available in the "Master Planning" line item.

This line item received an appropriation of \$654,134 in the 2017 budget, bringing the unencumbered total to \$818,313, while the contractor and the City were negotiating contract scope and fees. Those negotiations recently concluded with the aforementioned contract.

Correct administrative procedure would have been to fully fund this expense line on or before the meeting when the underlying contract was approved. Finance staff will increase its scrutiny of agenda items from all departments with any financial and/or budgetary component to ensure procedural compliance and to improve financial controls.
