SUMMARY STATEMENT:

Commissioners, administration is currently working on the attached rough draft of the “Harbor Rules & Regulations.” I would appreciate a review and invite feedback during the Ports & Harbor work session. Specifically I would like to discuss the following items;

- The New Boat Harbor Drive Down
- Waterfront Commercial Work Permit
- Waitlists
- The Waterfront Work/Vendor Permit/Process/Requirements
- Additional Items from the Commission
- Kayaks
- Sea Planes

The intent of this document is to bring the rules and regulations up to industry standard. Administration has been working with the City Attorney to make some additional changes to the City Code at the same time. We are drafting appropriate internal policies, supporting documentation to strengthen this effort. The Harbor “Policies and Procedures” was last updated in 2003.

The commission will have several opportunities and work secessions to make additional changes prior to the final recommendation to City Council.
